Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

Sporting Writer's Opinion of How Jeffries Could Dispose Of Johnson.

To course he doesn't. For that matter, the man who made the remark is a far different looking person from what he was five years ago. I noticed streaks of gray above his temples and crowsfeet at the corners of his eyes. I don't know any one of my acquaintances, in fact, who has not changed in appearance during the past five years, and time doesn't atand still for fighters any more than for any one eise.

The question isn't "Does Jeff look as he did five years ago?" or "Is he as great a fighter as he was five years ago?"

What we are interested in learning is does he great a sufficient of his is does he great an sufficient of his is does he great and up. Value \$1,500, six

What we are interested in learning is does he gretain sufficient of his strength, endurance and knowledge of the ring game to warrant us in believing that he is a worthy opponent for Jack Johnson?

There are some who seem to think that Jeffries in his heyday would have found his match in the negro. This, of course, while it affords food for thought and discussion, is something in which no satisfactory conclusion can be reached. The writer is willong to hazard the opinion that if Johnson had been to the fore as a challenger before Jeffries decided to go into retirement, Jeffries would have disposed of Jack the same as he did the others. No matter how the affair in July
